

50
**DRESS -UP®
BUTTER SPREADER**

Model 50

Prince Castle's Dress-Up® Butter Spreader is an indispensable addition to kitchen. This labor-saving device allows the operator to spread butter or dressings on buns or other bread products prior to grilling or toasting. Plus, the butter spreader is designed with bottom rails so operators can melt butter directly in the pan without scorching. The all stainless steel unit is completely submersible in soap and water for easy cleaning.

STANDARD FEATURES

- An exclusive perforated roller reduces waste of expensive butter or dressing.
- Ensures proper amount of butter is dispensed every time.
- Holds up to 48 ounces.
- Bottom rails prevent scorching.
- Stainless steel construction.
- Ensures safe and sanitary food preparation and eliminates brushing.
- Available without roller (Model 516).
