Shortening Disposal Units

Models

PSDU50

PSDU90

Standard Features

- 9.6" (244 mm) drain height (with cover open) allows unit to fit under most fryers to permit direct draining of fryers into unit
- Heavy-duty manual pump can empty 50 lbs. (23 kg) of oil in less than 60 seconds
- Large 7" (178 mm) wheels provide easy transporting of oil, even across parking lots; and no lifting is necessary
- One-year warranty

Accessories

- 24" hose
- 48" hose

Options &

Specifications

Specifically designed for the removal of waste oil from the kitchen

Frymaster provides the answer for the transportation of waste oil from the kitchen to the disposal container, with shortening disposal units, available in 50- and 90-lb. (23 and 41 kg) capacities.

The low center of gravity provides stability when transporting or operating the unit. The heavy-duty manual pump is located at a convenient height; so there is no stooping or bending required. Also, there is no lifting required to operate the unit.

The Frymaster Shortening Disposal Units fit FootPrint PRO® batteries to allow easy disposal of used shortening.
