Rubbermaid's Utility Cart Keeps The Pace With Style.

Today's workplace is very different than yesteryear's or even yesterday's. Workspaces aren't always stationary or even defined. Academic, healthcare, and business professionals move from room to room with their tools and materials. Classes and conferences can be held in large multi-purpose areas or small, isolated rooms. Instructors and speakers must be mobile and able to adapt to ill-equipped areas.

Rubbermaid's Utility Cart is a great solution for on-the-go environments. The sturdy top shelf accommodates audiovisual or technical equipment while the sliding drawer holds smaller tools. Locking cabinet doors keep extra supplies concealed and secured. Ergonomic handles on each end of the cart and 4" (10.2 cm) non-skid swivel casters ensure quiet, trouble-free maneuverability between rooms, in halls, and through doorways.

Made of all-plastic construction, the Utility Cart is durable, easy to clean, and resists corrosion and dents. Molded-in color, smooth contours, and contemporary styling keep the cart looking fresh and help enhance the image of any facility.

Practical and versatile, Rubbermaid's Utility Cart moves from classroom to boardroom with style.

200 lb. (90.7 kg) capacity accommodates full load.

All plastic construction is durable and easy to clean.

Ergonomically designed handles are easy to grip.

Sliding drawer stores small supplies.

Sleek appearance blends with any environment.

Quiet 4" (10.2 cm) swivel casters are non-marking.

Cabinet area with lockable doors conceals and secures contents.
