Designed Smart

This unit is constructed of stainless steel with 4" heavy-duty legs as standard, on Counter Mount and Pass-through models. Top, sides and back (except pass-through model) are fully insulated with high quality insulation. Special designed control allows unit to maintain standby level with 25% of heating capacity.

Unit has four shelf height "micro switch" that is activated by placing a plate on the shelf, which provides ultimate finishing capabilities. All controls are solid-state with electrical fan-cooled compartment. Infrared heaters are easy to snap-in and out. All hardware is stainless steel. All units are single phase.

Model: CMC-24

APW Wyott Design Features

- Top, sides and back (except pass-through model) are fully insulated with 1" of high quality insulation.
- When the master switch is "on", the unit stays "on" at 25% of heating capacity.
- Four shelf height "micro switch"
- Food placed on rack activates heat to 100% heat "on"
- The 24" and 36" models have one unit "on-off" switch and one red unit "on" light
- The 48" model has one unit "on-off" switch and one red unit "on" light. There are also right-half heater "on" switches and right and left "on" lights. Use half, or the entire unit as needed.
- Solid-state controls
- Fan-cooled electrical compartment
- Instant "on", instant "off" even heating, top quartz elements

Reliability backed by APW Wyott's Warranty

All APW Wyott hot plates are backed by a 1-year limited warranty and a 1-year on-site labor warrant. *

•Certified by the following agencies:

*Warranty does not include rock grates, cooking grates, burners shields or fireboxes.

See reverse side for product specifications.
