Designed Smart.

Developed for high output

- The APW Wyott M-83 Bun Grill can generate up to 1600 Bun Halves per hour.
- Bun Grill is available with Super Feeder to allow for high volume production.
- Fast warm-up allows your operation to react to surges in volume.

Perfectly Carmelized Buns all the time

- Patented "self-leveling" conveyor automatically adjusts to various sizes of buns, bagels, and Texas Toast.
- Butter roller and pan consistently covers buns with the perfect amount of butter.
- Durable steel griddle plate is controlled with an electro-mechanical thermostat adjustable to temperatures between 200 and 500 degrees.

Easy to Maintain and Service

- Removable side panel allows easy access for service.

Built Solid.

Built to Last

- Stainless steel construction protects against kitchen 'wear and tear' and rust.
- High temperature insulated wire is used for long life.

Easy to fit into all Counter Spaces

- Compact, vertical design allows unit to fit into tight counter areas.

Reliability backed by APW Wyott's Warranty

- All APW Wyott Bun Grills are backed by a 1-year Parts and Labor warranty, including On-Site Service calls within 50 miles of authorized service technicians.
- Certified by the following agencies:

MODEL M-83 BUN GRILL TOASTER
