# Detecto Waste Receptacles Have Unitized Construction for Durability

## CLEAN UP IS EASY

Not only does the stainless steel and epoxy polyester finish on Detecto's waste receptacles allow for quick, wipe-down cleaning, the Wall Mount Hanging models can be permanently positioned just off the ground for easy sweeping and mopping underneath and keeping debris from collecting around the base.

Mounting brackets come with all these models. To remove them from the wall, simply slide them up and out of their groove.
