

STAINLESS STEEL MESH GLOVES

Stainless steel mesh safety glove provides the ultimate cut and puncture protection. Meets OSHA requirements for meat and poultry processing applications Each stainless steel ring is individually welded for unsurpassed strength. Taper-fit design conforms to the hand, decreasing fatigue while increasing productivity. Nylon cinch strap helps keep glove secure. Patented snap-fastener reversible style changes easily to fit either left or right hand. Custom glove sizes and configurations are available on special request. Sold individually.

niroflex 2000

The most hygienic metal mesh glove available! Niroflex2000 gloves are 100% stainless steel and have no fabric straps to wear out or deteriorate during cleaning and sanitizing, and are the only gloves on the USDA Meat and Poultry Equipment Review Program's Accepted Product List. Niroflex2000 gloves meet ANSI/NSF/3-A 14159-2-2003, Hygiene Requirements for the Design of Hand Held Tools Used in Meat and Poultry Processing. Niroflex2000's patented wrist fastener is easily adjustable to provide a comfortable, secure fit. The reversible design fits either right or left hand. All gloves include a bar-coded serial number tag for tracking gloves when issued to employees or for charting cleaning schedule. Custom glove sizes and configurations are available on special request. Sold individually.
