

STAR-MAX® OUTDOOR CHAR-BROILERS

Models OCB30, OCB30T, OCB30TH, OCB60, OCB60T & OCB60TH

Features/Benefits:

- ★ Star's heavy-duty outdoor char-broiler is designed for high volume foodservice operations requiring commercial quality equipment for their outdoor grilling requirements.
- ★ Stainless steel radiants transfer maximum heat to the cooking surface, reduces flare-ups and provides even heat distribution.
- ★ High performance 17,500 BTU steel burners every 6-3/4" provide more heat to cook faster and sear in flavor plus offer more sectional control for a wide range of temperatures across the grilling surface to give you superior cooking performance over traditional outdoor grilling equipment.
- ★ Deep 7" stainless steel bull nose provides a cool work zone while protecting the knobs plus the extra large surface is designed as a plate shelf for preparation space for the cook.
- ★ Chrome plated heavy-duty steel grates stand up to the abuses of constant use and outdoor weather conditions and create attractive sear marks on your grilled menu items.
- ★ Extra deep 24" cooking surface provides a spacious grilling area for high volume cooking during your operation's busiest times.
- ★ High capacity coated steel water pan for easy clean-up.
- ★ Sturdy stainless steel legs provide stable support and heavy-duty casters allow the grill to be rolled easily over a variety of surfaces.
- ★ Available with 30" and 60" grilling widths to meet your operation's production requirements.
- ★ Gas convertible in the field with the natural gas conversion kit. units are shipped LP gas.
- ★ Optional accessories include a hood with temperature gauge, wind guard, griddle plate, steam and hold tray, side shelf, cover, and LP tanks and tank caddy.

Model OCB30

Model OCB60TH
with Optional Wind Guard

Applications:

Star-Max outdoor char-broilers are designed for high performance, durability and reliability. Ideal for golf courses, country clubs, rental facilities, caterers, social clubs or any foodservice operation requiring outdoor grilling. Star-Max outdoor char-broilers are extremely flexible for cooking a variety of menu items, from grilled steak to steamed vegetables. Star's outdoor char-broilers will elevate your outdoor cooking offerings.

Quality Construction:

The Star-Max line of outdoor char-broilers features a stainless steel front panel, bull nose, side panels and rear panel. Steel tubular burners every 6-3/4" controlled by an adjustable valve and protected by stainless steel radiants. Cooking surface is chrome plated steel grates. Stainless steel legs and heavy-duty casters standard.

Warranty:

Star-Max outdoor char-broilers are covered by Star's one year parts and labor warranty.
