

Extreme Temperatures. Extreme Values!

CREWWARE®
TOOLS YOU CAN TRUST

**HEAT
PROTECTION**
up to 1000°F

Perfect heat protection for any high-heat application including:

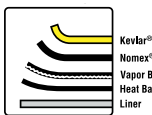

- Breaking down boilers
- Around open flames
- Working with charbroil grills

Additional benefits:

- Cut & tear resistant
- Machine washable
- Long lasting (*15-20 times longer than standard gloves*)
- Meets OSHA codes 1910.32 and 1910.38.

Thermo Protect®

INSULATION LAYERS

Constructed with non combustible Nomex® outer shell and Kevlar® heat surface protection.

Insulation protection:

Nomex® to 450°F
Kevlar® to 1000°F

Kool-Tek®

INSULATION LAYERS

Standard

Nomex®
Vapor Barrier
Heat Barrier
Liner

Kevlar® Style

Kevlar®
Nomex®
Vapor Barrier
Heat Barrier
Liner

Ultra high performance, non-combustible Nomex® and Kevlar® construction stands up to even the most difficult kitchen environment.

Insulation protection:

Nomex® to 450°F
Kevlar® to 1000°F

Thicker insulation provides superior protection for longer heat contact.
