

# LID TOWERS

## BENEFITS

**HIGH CAPACITY**  
LID AND STRAW ORGANIZATION

**INTEGRATED STRAW DISPENSER**

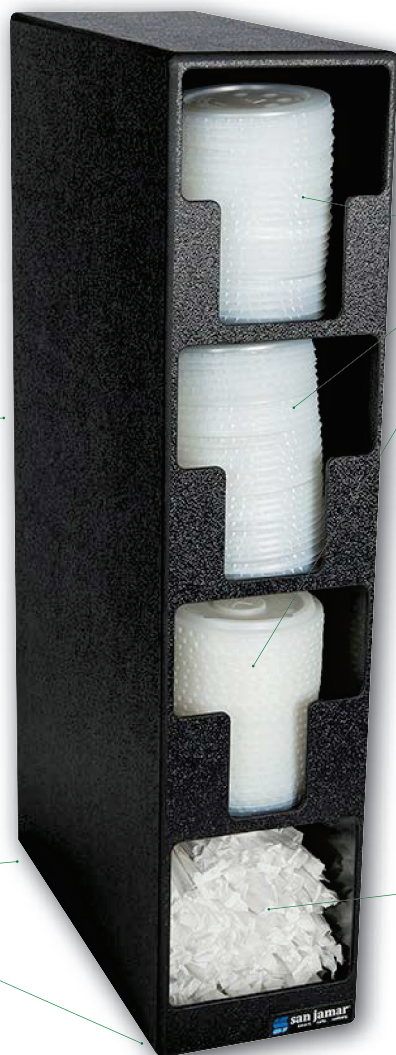

Cluttered countertops can be unsightly and reflect poorly on an establishment. Providing an organized self-serve station can help reduce waste and clutter.

**San Jamar Lid Tower dispensers are an effective solution to minimizing countertop clutter. By keeping lids and straws easily accessible to customers, San Jamar Lid Towers help save money by reducing waste. Two, three and four-tiered models accommodate different capacity needs; and the countertop design allows for easy movement of the organizer.**

**The black polystyrene construction provides durability for a long-lasting and reliable dispenser.**
