Design Features

FAST and EASY TO USE!!

Ventless Hood System features economical 2-stage air filtration process.

- Cleanable stainless steel Baffle Filter condenses and removes the majority of grease-laden vapor.
- Disposable Charcoal Filter aids with elimination of cooking aromas.

No expensive HEPA filters to buy ... simply wash the Baffle Filter in the dishwasher and replace the inexpensive Charcoal Filter regularly.

High-Volume Extinguisher System

Feel secure knowing our system will extinguish an accidental fire quickly and completely, larger amount of extinguishing agent helps minimize any re-ignition risk.

Optional - GFW

Keep cooked product hot and ready with an add-on **GFW Food Warmer!** Mounts inside the front discharge chute above catch pan. Also available as a stand-alone countertop warmer.
