

Only from Nemco!

Countertop Humidified Merchandiser

Increase the shelf life—and profit potential—of your hot-selling snack foods by keeping them fresher, longer!

Manufactured
In The USA 

Long Live Freshness!

Say goodbye to the old and dry that cut into your margins on those popular warm-food items you sell. Nemco's Countertop Humidified Merchandiser keeps them moist and fresh for longer periods of time, reducing your food waste and making your brand look, oh, so good.

It's "Point of Sale," Not Point of Stale

Nemco combines smart merchandising appeal with practical features that maximize the look, texture and taste of warm food favorites.

- Crystal-clear, polycarbonate panels, interior lighting and angled shelves showcase foods beautifully.
- A built-in water reservoir with humidity control adds moist heat to extend shelf-life freshness.
- Manual temperature controls adjust from 100°F for keeping donuts, muffins and other baked goods warm, to 190°F for keeping burgers, burritos and other hotter foods safe.
- Colorful graphic punctuates the POS appeal.

Your ROI Lasts Longer Too

In trademark Nemco fashion, this robust unit is built to endure your most demanding, high-traffic counter spaces, so you get more for your money.

- Stainless-steel construction with powder coating is tough as nails.
- Electropolished stainless steel racks maintain their rigidity and appearance.
- Compact design fits virtually anywhere.

Black powder coating on stainless steel casing is both attractive and durable

Merchandising graphic provides an attractive retail accent

Easy-access water reservoir maintains the perfect degree of moist heat

Three angled wire shelves are easily removed for versatility and quick cleaning

Panels are polycarbonate to maximize longevity and visibility

Manual controls with low-water indicator light and rocker switch simplify operation

Maintain a wide temperature range—between 100°F and 190°F for all sorts of foods

Suggested Uses

This compact unit is perfect for c-stores, snack shops and a host of other retail applications. Keeps fresh a wide range of items, including croissants, muffins, bagels, cookies, burgers, burritos, breakfast sandwiches and more.
