## WAFFLE BAKERS and BELGIAN WAFFLE BAKERS

7000-2S

7000-S

7020

Digitally controlled, single and dual-grid NEMCO Waffle Bakers let you serve crisp, golden brown waffles with convenience and ease. Our exclusive floating hinge allows the top grid to rise as the waffle bakes. Up to 20, 7" diameter waffles can be made per hour/grid. The waffle is 1/2" thick.

NEMCO's Belgian Waffle Bakers combine digitally controlled precision cooking with heavy-duty cast aluminum construction and the grid rotation lets you easily serve consistently great tasting, and uniform crisp waffles. Up to 20, 7" diameter waffles can be made per hour. The waffle is 1 1/2" thick.

**Standard Features:**

- Digital Programmable controls with count down timer
- Standard LED display and electronic audible alarm
- Top Mounted Control Panel, minimizes mess
- Single or Double grids available in waffle bakers
- Belgian Waffle Baker available with fixed (removable with tools) or removable grids, (removable without tools)
- Belgian Waffle Baker grids rotate to make fluffier waffles and lock for reducing batter overflow
- Series 7000 is available in 120V or 240V units
- Series 7020 is available in 120V, 208V, and 240V units
- Coiled Spring "Cool Touch" handles
- Constructed of brushed stainless steel and stainless steel tubing
- Cast Aluminum Grids
- UL, CUL, NSF listed

**Accessories:**

- Non-stick coating available on Waffle Baker and Belgian Waffle Baker
- Drip Tray for Belgian Waffle Baker / optional
