Hot Dog Roller Grills

8027

When it comes to making money, you can't go wrong with an original. Operators will tell you Connolly Roll-a-Grill by Nemco—the original hot dog roller grill—has always been famous for its superior diehard cooking performance. Its time-tested, maintenance-free design will serve you for years and forever satisfy your customers with the tastiest, juiciest hot dogs. 360° roller rotation prevents residue buildup, while individual roller heating elements ensure heating consistency. Removable drip pan makes for easy cleaning. Requires no ventilation system. Seven heat settings offer versatile temperature control. Front and rear rollers have their own heat controls. This feature permits shutting off one section during non peak hours.

Standard Features:

- Rugged stainless steel and aluminum construction
- Simplest installation— plugs into any outlet with corresponding voltage
- Rollers available in either standard chrome or non-stick Silverstone which cleans easily with just a damp sponge
- Two individual heat controls for front and rear rollers
- Infinite switch control with seven heat settings
- Roller grill slant 7° for efficient merchandising
- Individual heating element in each roller with superior temperature consistency from end to end
- Sealed motor with ball bearings to prevent grease seepage into motor
- Rollers rotate at a complete 360° turn by means of a roller sprockets, motor sprockets and chain
- Teflon bearing and grease barrier double protect against grease seepage
- Removable grease drip pan
- Sanitary food guards available
- Full one year factory warranty
- NSF approved and UL listed

Accessories:

- Food Safety Guards available for all roller grills; offers sanitary protection
- Heated Bun Warmers with vapor heat keeps buns fresh and ready to serve
- Bun boxes come in a variety of sizes for great merchandising
- Stainless steel and Styrene Condiment Bars and Stations provide a neat and efficient way to provide condiments
- Stainless steel Mobile stands are especially built for Connolly by Nemco roller grills and includes shelves and 5" heavy duty casters

(S) Denotes Silverstone Coated Rollers

Typical Specifications

Roller Grill shall be a stainless steel and heavy-duty aluminum construction and use DuPont Silverstone non-stick coated or chrome rollers and tubular heating elements. One element shall be contained in each roller. Seven setting infinite temperature control provides flexible cooking and holding. Unit shall have a sealed motor with ball bearings for long life. Each roller shall have a PTFE end bearing and shrinkable grease bearing combination. The unit shall be equipped with a power on light and operate on 120V with (1) or (2) 6' cord(s) and NEMA 5-15P, 5-20P for 36, 45 and 75 models and on 220V with a 6' cord and NEMA 6-15P. Roller grills shall carry the approval of UL (120V) and shall be listed with the National Sanitation Foundation.
