

Only from Nemco!

## Heat & Hold Rethermalization Drawer

Shortcut the distance between a hungry customer and a sale with the latest Nemco innovation that preheats your roller grill items—a must during rush times!

# a Different Kind of Cash Drawer

Keep up with demand and make more money in those pressure-cooker, high-volume traffic situations that send your roller grill into hyperdrive. Arm yourself with a Nemco Heat & Hold!

## For Rapid-Fire Roller Grill Sales

Say goodbye to those sales-killing "grill in process" tags. Keep Nemco's Heat & Hold Rethermalization Drawer on hand to preheat your customer favorites, so they're ready to go the moment they hit the grill.

- Quietly stands by, preheating, to shorten grill times when you otherwise couldn't keep up with demand.
- Features two separate bimetallic thermostats to create a heat-and-hold operation.
- Tucks away perfectly under your grill's 4-inch clearance to create a convenient, compact, all-in-one operation on your counter (stands are available for grills without 4-inch legs).

## Easy to Use

In the classic design tradition of Nemco, the Heat & Hold is super-simple to operate.

- The heat-and-hold cycle requires virtually no operator attention. Thermostats are factory preset (heat 290° F / hold 175° F) and work with a 0–60 minute timer that makes the process completely automatic.
- Installation is a no-brainer. Just plug it in and hit the power switch.
- Removable drawer and food rack make cleaning a breeze.

## Built Commercial Tough

The Heat & Hold is engineered in the spirit of the Nemco roller grill line, built on a reputation for the lowest life-cycle cost.

- All stainless steel construction.
- Virtually maintenance-free electric operation, with no moving parts.

All stainless steel construction

Sliding-panel access to the two separate heat and hold thermostats

Lighted power rocker switch

1/4" rubber feet grip the counter surface for stability

Drawer slides open and shut smoothly and is easily removed for cleaning

0–60 minute timer

Optional stand is available for grills without legs. Drawer tucks away perfectly under the stand to maximize counter space.

## Suggested Uses

Nemco's Heat & Hold is the right-hand man you need in any high-volume roller grill rush. Great for convenience stores during drive times, busy weekend kiosks and stadium concessions trying to keep up with sellout crowds. Preheats a wide variety of roller-grill foods, including hot dogs, brats, taquitos, tornados, pancake rollups, sausages, egg rolls, chicken rolls, cheese sticks, spring rolls and more.

## General Specifications

Model	Size (w x d x h)	Fits Grill Model	Fits Stand Model
8430	17½" x 18" x 4½"	8027, 8230	8430-STN
8436	24¾" x 18" x 4½"	8036	8436-STN
8450	30¾" x 18" x 4½"	8045W, 8250	8450-STN
8475	30¾" x 21¾" x 4½"	8075	8475-STN

## Electrical Requirements

Model	Volts	Watts	Amps
8430	120	225	1.9
8436	120	370	3.1
8450	120	490	4.1
8475	120	650	5.4

## Weights

Model	Unit: lbs (kg)	Shipping: lbs (kg)
8430	23 (10.4)	27 (12.2)
8436	32 (14.5)	36 (16.3)
8450	38 (17.2)	42 (19.0)
8475	42 (19.0)	46 (20.9)

Replacement parts are available through Nemco's 24-hour Zip Program.
