# Easy Dicer Two-Way Vegetable Dicer

Dice onions and other firm veggies five times faster than by hand!

Buy once. Buy the original.  
Always look for this mark of quality

# These Dice Never Lose

Leave your cutlery in the block, and beat the clock every time, with the Nemco Easy Dicer that perfectly cubes an onion in just seconds. We're talkin' 100 lbs. of onions in just 45 minutes!

## Two-Way Slicing for Two-Way Savings

Just a simple turn of the Easy Dicer's handle sets off a double-blade action that makes for a super-fast, super-clean, "no-tear" cubing cut, worthy of praise in multiple ways.

- Saves labor—Perfectly dices onions and other firm veggies 5x faster than by hand. High-volume kitchens can save hours of labor!
- Maximizes food yield—Dicing is precise and uniform, every time, getting the most out of every veggie.
- Retains product quality—Blades are all business, with no mashing and no mush. So, you get a crisp, juicy cube that holds its freshness and flavor longer.

## Winning ROI

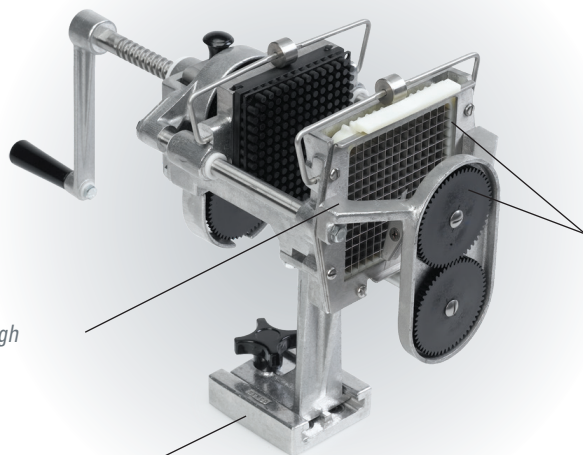

Combining the finesse of a ninja with the toughness of a tank, the Easy Dicer pays for itself in no time.

- Built of cast aluminum, stainless steel and engineered plastics for lasting, commercial-grade durability.
- No-nonsense, no-resistance screw-press action doesn't wear on the machine or the operator's elbow.
- Lightweight and portable, with a simple detachment mechanism at the mounting base, for easy cleaning.

Cast-aluminum, stainless-steel and engineered-plastic components provide lasting performance

Unique double-slicing action—as produce is cut passing through the grid, it's simultaneously cut again by a rotating blade

Mounting base affixes firmly to the countertop, while the screw nut easily detaches the body from the base for cleaning or storage

## Suggested Uses

Ideal for dicing onions, potatoes, celery, green pepper and other toppings used for pizza, burgers, coney dogs, tacos, soups, stews, salads and more. You can even dice a tomato using the 55125 blade assembly (placing the cut face of the tomato against the blade).

## General Specifications

Model	Description
55100E	1/4" x 1/4" x 1/4" Cut Size
<b>Optional Accessories</b>	
55022A	1/4" Grid Assembly 1/4" x 1/4" x 1/4" Cut
55125	1/2" Grid Assembly 1/2" x 1/2" x 1/4" Cut
55065A	1/8" Rotary Cutter Assembly 1/4" x 1/4" x 1/8" Cut

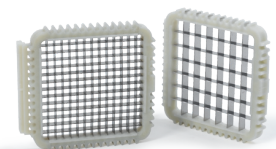

## Dimensions

Equipment (w x d x h)	7 <sup>7</sup> / <sub>8</sub> " x 15" x 13 <sup>1</sup> / <sub>8</sub> "
Shipping Carton (l x w x h)	14" x 14" x 9"
Equipment Weight	9 lbs
Shipping Weight	12 lbs

Replacement parts are available through Nemco's 24-hour Zip Program.

Nemco reserves the right to make design, specification or model changes without notice.

Interchangeable blade grid and rotating blade yield three different dicing sizes
