

When you think Food Warmers...

think

Cecilware!

FW36
Food Warmer

FFW575
French Fry Warmer

When customers come to your store or restaurant, two things are certain: they want their food hot and they want it to taste fresh.

With Cecilware's STA-HOT Food Warmers these demanding needs will be delivered. Manufactured from durable heavy duty stainless steel, these food warmers are built to last and keep your operation running at peak performance.

Available in quartz or metal sheath elements, all models offer exceptional performance. Cecilware offers the "Pass Through Window" food warmers with metal, quartz or Quick Snap-In[®] heating elements. These elements can be changed by hand, with the same ease as changing a fluorescent bulb. Cecilware's STA-HOT Food Warmers are an exceptional value for your everyday warming needs.

By Cecilware

You make it hot; we'll keep it hot with our full line of STA-HOT Food Warmers; the leading precise infrared food warming units. Cecilware's STA-HOTs give you the most flexibility and reliability for your money.

Features Include:

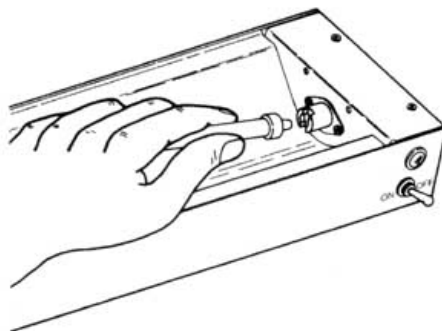

- ✓ Heavy Duty Stainless Steel construction for longer life.
- ✓ Available in quartz or metal sheath elements. Choose the concentrated, efficient and directed heat of quartz or the durability of metal.
- ✓ Quick Snap-In® quartz elements can be changed by hand, just as regular fluorescent bulb.

Perfect for Pass Through Windows!
