Applications: DR Shelving is ideal for any storage application. All welded aluminum dunnage shelving keeps product organized and off of the floor. Prolongs product life by circulating air underneath. 12" height off the ground meets all sanitary health codes. Made to measure for walk-in freezers and refrigerators, general storage and warehouse areas.

Construction: Heavy duty, high tensile extruded aluminum. Type 6063-T5 alloy. Features a life time guarantee against rust. Shipped assembled for immediate use.

Frame and Cross Supports: Vertical and horizontal frame sections are 1-1/2" extruded aluminum tubing. Top channel arch construction with solid high tensile aluminum channel. Plastic bottom feet. All heli-arc welded.

Custom Sizes and Correctional Packages are available: Call Factory Optional 5" stem caster assembly (PC5A) for conversion to mobile shelving (Must be factory installed).
