

# UNDER-COUNTER BUILT-IN ICEMAKERS

## INDOOR OR OUTDOOR MODELS—COMMERCIALLY (NSF) LISTED

### OUTDOOR MODEL BIM40-OS

### FULLY FINISHED CABINET FOR BUILT-IN OR FREESTANDING USE 15 INCHES WIDE; 44 Lbs/day CAPACITY

**NO DRAIN NEEDED!**

Both models can be used with no drain, or connected to a drain (all needed materials included) or used with an optional pump for the maximum flexibility

**REVERSIBLE DOOR SWING**

Door opening when fully installed allows removal of the full ice storage bin.

**BOTH MODELS ARE NSF CERTIFIED FOR COMMERCIAL USE**

**BOTH MODELS ARE FRONT-BREATHING AND FIT IN A 14 7/8" OPENING**

**BOTH MODELS RUN ON STANDARD HOUSEHOLD CURRENT**

**FULL LENGTH PROFESSIONAL HANDLE AND ROLLERS ON BOTH UNITS**

**WATER INTAKE LINE, DRAIN HOSE AND POWER CORD INCLUDED**

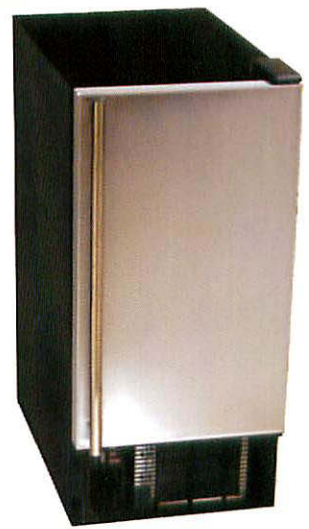

**ICE STORAGE BIN, ICE SCOOP AND INSTALLATION GUIDE INCLUDED**

**FRONT-CONTROL SWITCH AND INDICATOR LIGHTS**

SUMMIT **BIM44** (for indoor use) has a platinum finish door, a finished black cabinet and a professional style stainless steel handle. This model can be used as a freestanding or built-in unit. This model has a control panel with LED indicator lights and an ice adjustment control switch. The storage bin has a water level indicator and holds 25 pounds of clear ice. (44 lbs/day capacity)

SUMMIT **BIM40-OS** is an automatic ice maker approved for outdoor use. The model has a complete 304 grade stainless steel exterior, from hinge cap to kick plate. The unit includes locking and unlocking casters for mobility, and the same features and capacity of the indoor model.

### INDOOR MODEL BIM44

Now, the convenience of built-in or freestanding icemakers is affordable, with this line of commercial quality, fully automatic icemakers from SUMMIT COMMERCIAL. Ideal for use in restaurants, bars, upscale kitchens, recreation rooms, outdoor kitchens, decks, offices, medical offices, schools, hospitals, laboratories or anywhere ice is used, and space is limited. SUMMIT automatic icemakers are fully featured, complete and ready to install right from the box, and have a full 44 lbs. per day of capacity, and a 25 pound holding capacity. Fully electronic controls and automatic overflow prevention are included along with rolling level legs and stability supports (BIM44), or casters (BIM40-OS).
