

When it comes to built-in undercounter refrigeration, SUMMIT offers the most choices for every fit. Our newest line includes all-refrigerators and frost-free all-freezers sized at just 15" wide, both loaded with user-friendly features and available in a range of attractive finishes. Install under the counter as a side-by-side set or combine into one slim-fitting footprint with our StackRack. We also carry matching wine cellars and beverage centers, plus 15" wide icemakers.

Whether you're trying to conserve space in a micro-apartment or looking for a little extra storage in a second kitchen, our slim-fitting units offer endless possibilities.
