

FOOD PREPARATION

Kitchen Tools - Cutting (continued)

Cheese Knife

The knife with its sharp scalloped blade cuts cheese neatly. The large cut-outs prevent slices sticking to the stainless steel blade.

12724 11 in. length

Cheese Cutting Set

Three piece set includes: 12726 Cheese Cleaver, 12724 Cheese Knife and 12738 Cheese Slicer

12900

Fruit Knife

Ideal for peeling. The slightly curved stainless steel blade is designed to fit to the rounded shape of fruits and vegetables.

12760 7.5 in. length

Kitchen Shears

The stable, 3.9 inch long stainless steel blades produce neat and exact cutting. The handles from synthetic material sit ergonomically in the hand. The shears can be easily taken apart for cleaning or sharpening. Suitable for right or left-hand use.

96280 8.1 in. length

Cheese Cleaver

The sharp, double-sided high blade facilitates smooth and straight slicing of medium to firm cheeses such as Edam, Gouda and Tilsiter. Fine and even slices can be conveniently cut from a chunk of cheese using the cutting edge with the special curvature.

12726 7.9 in. length 1.6 in. width blade

Tomato/Mozzarella Slicer

With ten parallel serrated blades tomatoes or mozzarella cheese are neatly cut into equal slices. The base from synthetic material ensures a neat and perfect cut right through. Two ergonomic handles for good grip and safe work.

12755 6.3 in. length 3.9 in. diameter

Pizza Cutter

Large, firmly anchored wheel guarantees neat slicing of pizza - thick or thin - without damaging toppings.

12718 7.7 in. length 2.8 in. diameter

Cutting and Serving/Carving Board

Practical cutting and serving board made from quality laminated layers of beechwood, with four non-slip rubber feet. With flexible cutting mat, made of antibacterial, food-safe synthetic material. Cutting mat only is dishwasher safe.

15000 13.8 in. length 9.8 in. width
15005 17.7 in. length 7.1 in. width

Cheese Slicer

The sharp, serrated blade above the narrow gap facilitates fine slicing of cheese, which brings out the best flavor of hard cheeses.

12738 9.4 in. length

Tomato Cutter

The star-shaped arrangement of serrated cutting blades separates the stalk and divides the tomato into eight equal segments. The base from synthetic material ensures a neat and perfect cut right through. Two ergonomic handles for safe work.

12759 6.3 in. length 3.9 in. diameter

Pizza Server

Pizza can easily be portioned with the scalloped edge and the wide palette is ideal for lifting up portions for serving.

12756 11 in. length

Cutting and Serving/Carving Board

Practical cutting and serving board made from quality laminated layers of beechwood, with four non-slip rubber feet. Features a practical all round juice collection groove. With flexible cutting mat, made of antibacterial, food-safe synthetic material. Cutting mat only is dishwasher safe.

15010 17.7 in. length 13.8 in. width

Wire Cheese Slicer

Two wires run along the sides, each one fixed at a different distance from the central rod so that soft cheeses can be sliced in different thicknesses. The prong at the tip facilitates easy lifting and serving.

12723 9.8 in. length

Tomato Knife

The stainless steel blade with its scalloped edge is superb for vegetables with firm skins such as tomatoes or peppers. The two prongs at the blade tip are handy for serving or presentation.

12769 9.4 in. length

Pizza Wheel

With a free running roller blade sharpened on both sides. Ergonomic handle for safe use, and effective pressure distribution. Easily disassembles for cleaning.

12717 13.8 in. length 5.5 in. width

Cutting Mat

Space saving, .08 inch thin mat in four colors. Symbols for fish, meat, poultry, vegetables. Flexibility allows for easy transfer to pots and bowls. Made of antibacterial, food-safe synthetic material. Non-slip reverse side for safe work. Special top surface keeps knife blades from dulling.

15015 13.8 in. length 9.8 in. width
15016 17.7 in. length 7.1 in. width
15017 17.7 in. length 13.8 in. width

Parmesan Knife

With a sturdy handle and robust spear point blade sharpened on both sides. Breaks through even the hardest Parmesan cheese.

12725 6.3 in. length

Apple/Pear Cutter

Fruit or vegetables are divided into eight equal parts and the core is cut out separately. The wide handles allow for a good grip, and ensure optimum transmission of pressure. Ideal for apples and pears, as well as potatoes.

12743 6.2 in. length 3.6 in. diameter

Pineapple Cutter

The ergonomic design of the handle is perfect for twisting into the pineapple and extracting fruit rings. Simply twist the utensil into fruit, remove the handle and release the slices onto a plate.

12848 10.4 in. length 3.3 in. diameter

Barbeque Poultry Shears

These easy to control shears are curved, making it easier to grip curved pieces. The sturdy, sharp, upper blade and the serrated lower blade act as a hinge, cutting through bones cleanly and easily.

25060 9.8 in. length
