Custom Round Plate Covers

Sample plate required with every new order.

A) Custom Fitted Stainless Steel Round Plate Covers

For Plates With Diameters Between*	Pricing Category	Weight
4½" to 6¾"***	CVR01	3½ Lbs/Dz
6⅞" to 7¾"	CVR02	4½ Lbs/Dz
7⅞" to 8¾"	CVR03	6 Lbs/Dz
8⅞" to 10"	CVR04	8 Lbs/Dz
10⅞" to 10⅞"	CVR05	12 Lbs/Dz
10⅞" to 11¼"	CVR06	14 Lbs/Dz
11⅞" to 12¾"	CVR07	17 Lbs/Dz
12⅞" to 13⅞"	CVR08	18½ Lbs/Dz

*Some plates with wide bases may not fit into the category their outside diameter indicates. In these cases covers in a larger category may be required to insure stacking.

** A finger hole is not available for plates between 4½" and 5".

- Sample plates required with all new orders for custom sizing
- If we have your customer's plate to measure, in most cases we guarantee our covers will stack with your customer's china
- **Minimum order 24 pieces**

Custom Plate Covers

The Perfect Fit, Time After Time

American Metalcraft is the only manufacturer to offer custom round, oval or square covers to fit plates, platters, and bowls. Foodservice operators need only send a china sample to American Metalcraft. Plate covers are then custom-fit over the rim of the plate.

Manufactured from durable stainless steel, American Metalcraft plate covers are heat retaining, odor resistant, and won't chip, crack, flake, burn or melt. Knobs, cross-bars, and finger holes are available in most styles. The standard finish is polished on the sides and satin on the top. All satin or all mirror finish is also available.

1. Plate covers are custom fitted over the rim of the plate with allowance for some normal size variation in commercial china. Covers are approximately 2" (5.1 cm) high over the rim of the plate. Extra high and lower height covers are also available (see p. 159).
2. Sample plates are required with all new orders for custom sizing. In most cases we guarantee our covers will stack with your customer's china.
3. To ensure secure stacking, a "crown" is formed in the top of the cover that matches the foot of the plate. This stacking feature offers safe multiple meal carrying and cuts down on serving time.

Ordering Tips

1. Since commercial china will vary in size, it is best to have the china company provide a sample for plate cover sizing. This assures us of furnishing a cover that fits over the rim of the plate properly and also enables us to custom design a "crown" on the top of the cover for solid stacking.
2. Send the sample plate(s) to American Metalcraft with your purchase order for pricing confirmation and for custom fit covers. Only prices quoted after receipt of sample plate(s) are guaranteed.
3. Some plates and oval platters with wide bases and oblong platters may not fall into the category indicated by their top outside dimensions.
4. Custom fit covers are manufactured approximately ⅛" larger than the sample plate provided. This will allow for some normal variation in the size of the china.
5. Most plate cover reorders should reference a previous order or an American Metalcraft invoice number.
6. Custom made covers are non-returnable.

Note: If you have china from more than one manufacturer, or from different lots, make sure you measure 5 from each and submit the largest and smallest of each.

Special Finishes and Markings for Round Covers

Standard Duotone Finish: This is a bright finish on the sides and a satin finish on the top.

Satin Finish: Available on all round covers. Satin covers make for a unique look in subdued lighting situations.

Bright Mirror Finish: Available on all round covers. Mirror finish covers add a beautiful elegance to any dining situation.

Letter Stamps: We can stamp ½" letters on the top of our covers. These letters can be used to designate different entrees

Steam Hole: The steamhole is ⅛"

B**Extra High****C****Lower Height****D****Knobbed****E****Crossbar****B) Extra High Round Banquet Covers**

Approximately 2½" (6.35 cm) & 3" (7.62 cm) high over rim of plate. Stainless Steel. Can be custom designed for solid stacking. Not available in all diameters. **Special order only. Sample plate required. Minimum order 24 pieces.**

1½" (3.81 cm) high over rim of plate. Stainless Steel. Can be custom designed for solid stacking. Lower Height Covers available for most sizes over 9" (22.8 cm) dia. **Special order only. Sample plate required. Minimum order 24 pieces. Other heights available. Call for quotation.**

Description

Lower Height Covers
(Shipping Weight Approx. 20% less than CVR covers.)

D) Flat Top Knobbed Covers

Stainless steel, custom sized to fit over any plate or platter. **Cannot be made to stack.** Available in all sizes. **Special order only. Sample plate required. Minimum order 24 pieces.**

Description

Flat Top Knobbed Stainless Covers
(Weight same as CVR covers.)

E) Crossbar Lift Round Covers

Constructed of stainless steel. Ideal where no finger hole is desired, cross-bar covers can be easily lifted. Steam holes are available if desired. Cross bar covers fit perfectly over plate rim but normally **do not stack.** For an extra tool and crowning charge, we may be able to make a stacking crossbar cover. Sample china is required to determine feasibility before quoting. Available in most sizes from CVR04 through CVR08. **Special order only. Sample plate required. Minimum order 24 pieces.**

Description

Cross Bar Stainless Covers
(Weight same as CVR covers.)

Old and Used Covers – Reworked Recrowned Covers

If covers fit over the rim of new china it may be possible to recrown them to stack with the new china. This is possible in most situations but not all. Please send a sample of the new china and 3 old covers to determine feasibility. **Quoted on a case by case basis.**

Double Crowns – Stacks with Two Different Plates

May be available at additional cost. Please call our plate cover department at 800-333-9133 to determine availability.
