A) TP Series Wide Rim Pans

There's a reason why other pizza supply manufacturers imitate, but never duplicate American Metalcraft's product line. When it comes to durability and reliability in pans, American Metalcraft offers the best value. The TP Series of Pizza Pans is manufactured from heavy duty 14 and 18 gauge aluminum. These gauges of aluminum contribute significantly to a longer life. With so many styles and sizes from which to choose, American Metalcraft has built a solid reputation as a quality manufacturer for the pizza industry since 1947.

B) CTP Series Coupe Style Pans

Just like the TP Pizza Pans, these CTP Pans are manufactured from the finest grade of aluminum. It's really pretty simple. The harder materials used in our pans last longer than the cheap materials used in our competitors' commodity-type pans.
