DESCRIPTION

The short side modular drop-in standard (non-NSF7) refrigerated cold pans are designed for top-mount installation.

High-density polyurethane foam insulation surrounds the exterior of the well to provide the most efficient performance with energy savings.

The 8" (20.3 cm) deep display well is designed to accommodate standard 12" x 20" (30.5 x 50.8 cm) pans with adaptor bars.

Refrigeration coils surround the exterior side walls of well for maximum cooling. Refrigerant is R134A to meet federal standards.
