SOMERSET™ BUFFET SERVICE

Vollrath is proud to introduce a new line of buffet service - Somerset. Inspirational design that also offers functionality and high quality. The stunning finish and unique accent features bring an upscale image to any décor.

- Elegant mirror-finished stainless steel. Heavy duty and easy to clean
- Durable solid legs and welded construction
- New hinge design works in the closed, 90° degree, and fully-open position using only moderate force to change position. No levers or switches required to operate
- 9 qt. rectangle chafers include Super Pan 3® food pan
- Included windguard shields fuel from wind for outdoor use and for more attractive presentations
- Use standard fuel or Vollrath's Universal Electric Heater #46060 (sold separately)

Channeled Cover

Condensation accumulates in the dome cover and is transferred through the channel in the cover back into the water pan. Keeps the water out of the food and off the table.

Dripless Water Pan

The extra wide rim of the water pan does not allow food or water to drop below the chafers onto the table and creates a more stylish appearance.

Breakthrough Hinge Design

New hinge design works in the closed, 90°, and fully-open position using only moderate force to change position. No levers or switches required to operate.

Removable Cover

The new design includes a removable cover for easy cleaning.
