

## Step 5. Custom Imprinting

You can have your racks personalized with your company name, logo or any other text. Maximum size of imprint is 6" (15.2 cm) wide by 1" (2.5 cm) high in white ink only. Camera-ready art required. There is a one-time charge for preparation of the screen plus a nominal charge per rack personalized. Allow 10 working days for screen preparation.

**Example** 52711-11 AB = Beer Mug  
52715-66 BE = White Wine

The above number represents the rack ordered, the color selected, the top riser color, and the symbol imprinting. If both a custom logo and a glass symbol are specified, the logo will appear on one side and the glass symbol on the other.

**Note: Imprinted racks cannot be returned or cancelled**

## Delivery

All racks will be shipped within three working days from receipt of order. Custom racks, or personalized racks will be shipped within 7 working days from receipt of order. Contact the Vollrath office or your district sales manager regarding lead times on initial personalization orders.

# How to Order the Right Rack

## Step 1. Select Your Rack

Begin by selecting the type of basic rack you need by the standard five-digit item number found on Pages 5-5 to 5-14.

## Step 2. Color Selection

Select the color of the basic rack. Add the sixth digit to the basic rack number. (Full-size racks are available in all eight colors — shown on Page 5-9. One-half size racks are available in light green or cocoa only.)

Color	Sixth Digit
Light Green . . . . .	1
Cocoa . . . . .	2
Red . . . . .	3
Light Blue . . . . .	4
Gold . . . . .	5
Gray . . . . .	6
Royal Blue . . . . .	7
Burgundy . . . . .	9

## Step 3. Color-Coded Top Riser

To indicate the style of glass/stemware or the facility where the rack is used, you can color code the top riser of Vollrath compartment racks. Just code the seventh digit of the item number with the desired color number listed above. A perfect system for resorts, hotels, clubs, and institutions. Optional methods of color coding are available upon request.

**Example**

Red rack is Code 3  
Gray top is Code 6

5 2 7 1 6      3      6

## Step 4. Standard Imprinting

Vollrath gives you the option for additional identification by imprinting the glass symbol and name on each rack. Letters will appear in white ink only, 1/2" high. There is a nominal charge for each rack imprinted with the symbol and name. To order symbol imprinting, simply identify the symbol code after the seven-digit rack model number.
