One of the premier food service mats in the industry, San-EZE[®] is available in two versions, a standard Nitrile rubber version, and a heavy-duty 100% Nitrile rubber compound providing the ultimate in grease and oil resistance and is NSF tested and certified. San-EZE[®] is designed to provide superior foot comfort and sure traction in wet or greasy areas. A large hole drainage system facilitates the removal of liquids and debris from the work area further enhancing the slip resistance of the mat. A modular design with available connectors and attachable beveled ramps and corners reduce trip hazards and allow for a variety of custom configurations.
