King 9 Fryers

These majestic fryers are the masters of fries, but they flat-out rule when it comes to onion blossoms. With an impressive cooking oil capacity of 47 lb., the #8073 Standard King 9 uses 5500 watts to reign supreme using an 8" oil depth that's ideal for high-moisture foods. The #8073BF Battered King 9 has the same power, but features a tubular heating element that stays 2" above the fry tank bottom, leaving room for excess batter to fall into the cold zone and prolong the life of your cooking oil. Works well with #8077 Long-Handled Fryer Skimmer Basket for onions and #8052 Single Large Fry Basket.

Available Options:

- #8073 Standard King 9
- #8073BF Battered King 9
