## Sliding Wire Shelves for Shelving Units

Item #:	_____
Model #:	_____
Project #:	_____
SIS #:	_____

Optional Accessories	Model #	Qty.
Shelf Inlays		
Plastic Shelf Markers		

- Perfect for light duty applications where easy accessibility of products is required.
- Chrome plated finish.
- Two-piece slide features ball bearings and 2/3 extension\*.
- 18" x 36" (457 x 914) shelf length.
- For use with standard 1" (25mm)-diameter shelving posts—on wire shelf or solid shelf units.
- Open wire construction permits greater air circulation which helps reduce moisture and dust build-up.
- Weight capacity per shelf: 20 lbs. (9.0 kg).

\* Extends in one direction only.

shown assembled with a wire starter unit, sold separately  
 (Note: Top and bottom shelves of the unit must be standard shelves. Use sliding shelves for intermediate shelves, and open only one shelf at a time.)
