## HARD CHEESE AND BREAD GRATER 1/2 HP

**Technical:**

- The drum is made from stainless steel for longer lasting performance and always perfectly grated product output.
- 1/16" tooth for very finely grated product.
- The belt-driven motor easily processes the toughest products.

**Safety:**

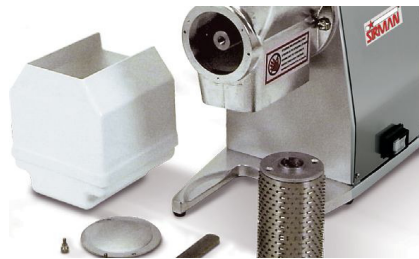

- An interlock prevents the machine from starting when the feeder handle is not lowered enough and stops the machine when the lever is lifted.

**Sanitary:**

- The aluminum body and grating opening allow for easy and fast cleaning.
- The product collection tray is made from food-safe material.
