

PALLADIO 300 TOP

12" HEAVY DUTY SLICER 1/2 HP - ALL METAL KNOBS

- Heavy-duty 1/2 Hp slicers, designed for medium to large operations, perfect for cheese slicing
- Exclusive high-quality, rounded, no edges design, increased blade and machine body gap, easy breakdown for a fast and effective cleaning
- Inner blade cover ensures a perfectly aligned cut. No waste when cutting same product at different times.
- Zero blade exposure due to a permanent blade rim guard, a safety hand guard mounted to the carriage and a carriage lockout to prevent exposed blade edge
- The TOP version features all aluminum knobs and a waterproof IP 67, no-volt release switch offering outstanding value in terms of safety, durability, and ease of cleaning

Features

Technical:

- The sharpener assembly is made entirely from aluminum, no plastic presence that may break with heavy use is utilized.
- The tie rod assembly and all external screws are made of stainless steel for longer life.
- The slide shaft is made of ground, chromed steel for a smoother operation.
- The high-quality bushings and ball bearings are self-lubricating.
- The dial thickness control cam system allows for an always precise cut.

PALLADIO 300 TOP

12" HEAVY DUTY SLICER 1/2 HP - ALL METAL KNOBS

Safety:

- A safety cover is placed under the motor and the electrical components.
- The hopper features an exclusive heavy duty plastic protection to keep operator's hand at a safe distance from the blade while operating the slicer.
- A permanently-mounted knife ring guard covers the non-cutting side of the blade.
- Overcurrent protection

Sanitary:

- Easy to clean aluminum alloy construction does not crack or stain.
- The screws are stainless steel and resist wear and oxidation.
- The carriage and the center plate are quickly removable without tools.
- Exceptionally easy and roomy access to the back of the blade.
