

PALLADIO 330 USA TOP

13" HEAVY DUTY SLICER 1/2 HP - ALL METAL KNOBS

- 13" high-quality, heavy-duty gravity-feed slicer in a compact footprint to save counter space, designed for high-volume retail applications;
- The TOP version provides even higher durability in terms of reduced maintenance costs with:
 - all knobs, handles, dials and feet in aluminum;
 - a fully sealed and waterproof IP 67 switch, with stainless steel on/off buttons;
 - no volt release prevents inadvertent reactivation after a power outage.
 - complete stainless steel drive shaft assembly.

Features

Technical

- Exceptional cutting capacity allows you to slice product without precutting.
- Sharpener assembly is made entirely from aluminum, no plastic that may break with heavy use is utilized.
- Tie rod assembly and all screws are made of stainless steel for longer life.
- Slide shaft is made of ground, chromed steel for a smoother operation.
- High-quality bushings and ball bearings are self-lubricating.
- Dial thickness control cam system allows for an always precise cut.

PALLADIO 330 USA TOP

13" HEAVY DUTY SLICER 1/2 HP - ALL METAL KNOBS

Safety

- A safety cover is placed under the motor and the electrical components
- The hopper features an exclusive heavy duty plastic protection to keep operator's hand at a safe distance from the blade while operating slicer.
- Safeguard for slice thickness setting below "0" with carriage removed.
- Permanent knife ring guard covers the non-slicing portion of the knife edge

Sanitary

- Easy to clean aluminum alloy construction does not crack or stain.
- The screws are stainless steel and resist wear and oxidation.
- The carriage and the center plate are quickly removable without tools.
