

## VBGM-36 VERTICAL BROILER GYRO MACHINE

Fleetwood by Skymesen Vertical Broiler is designed for display cooking and built for fast food and Mediterranean style restaurants. Our broiler provides high performance broiling for a crisp, juicy and flavorful taste and is perfect for today's diverse menu selections.

Fleetwood by Skymesen Vertical Broiler features a full rotisserie rod for maximum control of broiling speeds and accommodate a variety of up to 75 lb of meat products. Fully adjustable range of temperature for precise cooking performance. Adjustable sliding vertical heating elements allow the burners to be set at optimum distance from the meat keeping even the smallest piece of meat hot and juicy. Simple disassembly for easy cleaning. The automatic friction drive stops rotation during slicing allowing for quick and easy carving. Entirely constructed of stainless steel. Features unicoil sheath type heating elements.
