## Mold Rings

Achieving the perfect edge on a pizza crust is as simple as pressing pizza dough. The doughXpress® DXP-DR pizza dough rings set on the lower platen of any doughXpress® 18" round dough press and forms a perfectly shaped 10", 12" or 14" circular crust ready to sauce and top without any additional shaping. The DXP-DR pizza dough rings are laser cut from high grade polished stainless steel. Each size ring has a three point alignment design to ensure perfect placement on the lower platen.

*\*do not use with non-stick fluoropolymer (Xylan) coated platens*

## DXC-3AC

### Air Compressor Storage Cart

The DXC-3AC Machine Storage Cart adds mobility to your doughXpress machines. Specially designed for air automatic presses, the DXC-3AC has a housing unit built in for storing a doughXpress compressor.

## DXDC-5

### Dough Ball Cart

The DXDC-5 Dough ball cart holds up to 63 tubs of dough. The optional trays hold nine two-quart tubs. Four casters make the DXDC-5 portable and cuts down on trips back and forth to get dough.

## Air Compressor

DoughXpress's air compressor is a 1.1 gallon capacity air compressor that runs silently to power any of the doughXpress air-automatic machines.

## DXC-3

### Machine Storage Cart

The DXC-3 Machine cart is the ideal storage solution for your doughXpress pizza or tortilla press. The four casters make the DXC-3 cart roll providing mobility to your doughXpress machines. Made from heavy duty stainless steel

## Dough Ball Tub

These two-quart air tight storage tubs are the perfect way to store and thaw dough balls prior to pressing dough.

## TXC-3

### Machine Storage Cart

The TXC-3 Machine cart is ideal for storing your doughXpress machine. The four casters add mobility to your TXC-3 cart for a portable work station. The TXC-3 has six storage racks for holding trays of dough. Made from heavy duty stainless steel

## Release Agent

The doughXpress Release Agent provides a non-stick surface on aluminum platens of food preparation equipment. Unlike manufacturer applied coatings that bubble and are prone to scratching, doughXpress Release Agent coats the surface and is resistant to high temperatures. 16 oz bottles sold individually or by the case.
