

16" SECTIONAL RANGE Full-Width Griddle

Platinum

Job _____
Item# _____

- P16N-G (Modular Mount with Manual Griddle)
- P16C-G (Cabinet Base with Manual Griddle)
- P16N-T (Modular Mount with Thermostatic Griddle)
- P16C-T (Cabinet Base with Thermostatic Griddle)

**** MANUAL GRIDDLES DO NOT ALLOW SPECIFIC TEMPERATURE OPERATION ****

Standard Features

- 16" wide sectional range with full-width griddle available with a cabinet base or as a modular unit (for mounting on countertop, refrigerated or freezer base)
- Two 20,000 BTU NAT (18,000 BTU LP) burners with one control knob
- Electronic pilot ignition - Piezo
- 1" thick griddle plate with side and rear splashers
- 9-1/4" deep front rail
- Removable stainless steel grease drawer
- Stainless steel front, sides, rear and exterior bottom
- Fully insulated lining and burner box
- 1-1/4" front gas manifold and 1" rear gas connection
- 5" high stainless steel flue riser
- Free battery-design assistance
- Warranty: two years on specified operational parts and one year on labor from date of purchase

Standard Features of Thermostatic Griddle Models **

- "Insta-On" thermostatic control of griddle surface temperature in the range 180°F to 400°F

Standard Features of Cabinet-Base Model

- Stainless steel cabinet base with a removable door that can hinge on the right or the left.

Model P16C-T with optional 24" flue riser

STANDARD CONSTRUCTION SPECIFICATIONS

Exterior Finish: Front, sides, rear and exterior bottom constructed of #3 polished 430 and 304 stainless steel.

Range: 16"-wide front-manifold sectional range includes full-width 40,000 BTU NAT (20,000 BTU LP) griddle with 1" thick stainless steel surface, side and rear splashers and grease drawer.

Front Rail: 9-1/4" deep front rail.

Flue Riser: 5" high stainless steel flue riser

Battery: Unit can be in any position in a battery. If the unit is at the end of the battery, the end side will be solid (rather than have a coverplate over the end of the front manifold).

Legs: 6" stainless steel adjustable legs standard.

Cabinet Base: Stainless steel cabinet base with a removable door that can hinge on the right or the left.

Models: P16N-G P16C-G P16N-T P16C-T

UTILITY INFORMATION

Model	Gas (BTU/hour)	
	Natural	Propane
P16N-G P16N-T	40,000	36,000
P16C-G P16C-T	40,000	36,000

GAS: Each unit has a 1-1/4" front manifold that couples to the adjacent sectional unit(s), and a 1" rear gas connection with a male NPT connector. Minimum gas supply pressure is 7" W.C. for natural gas and 11" W.C. for propane. All sectional units require a regulated gas supply (a pressure regulator must be ordered separately). If using a flexible-hose gas connection, the inside diameter of the hose must not be smaller than the connector on the unit and must comply with ANSI Z21.69, providing an adequate means of restraint to prevent undue strain on the gas connection.

MISCELLANEOUS

- If casters are used with a flexible-hose gas connection, a restraining device should be used to prevent undue strain on the hose.
- Minimum clearance from noncombustible construction is zero. Minimum clearance from combustible construction is 10" (254 mm) on sides and 6" (152 mm) on rear.
- Installation under a vented hood is recommended.
- Check local codes for fire and sanitary regulations.

NOTICE:

Southbend has a policy of continuous product research and improvement. We reserve the right to change specifications and product design without notice. Such revisions do not entitle the buyer to corresponding changes, improvements, additions or replacements for previously purchased equipment.

OPTIONS and ACCESSORIES

- External pressure regulator
- Casters (front two casters lock)
- Tray or tubular shelves (12" deep)
- Front rail options:
 - Cutouts in front rail for sauce pans
 - Cable restraint kit (to restrict movement when on casters)
 - Open-frame base with casters for battery
 - 7-1/4" deep front rail (to match old style sectional)
 - 24" or 36" high flue riser
 - Extra-deep rear-extending flue riser
 - Square belly bar mounted on 7-1/4" deep front rail
 - Shelves on flue riser (one on 24" flue riser, one or two on 36" flue riser, 10" deep)
 - Removable shelf inside cabinet
 - Grooved griddle surface
 - Chrome griddle surface
