## Features

- **The six-inch diameter, flat, spiral element** provides more surface contact.
- **Control** is recessed in a one-piece, drawn, stainless steel panel to help prevent accidental temperature changes.
- **The element** is self-cleaning.
- **Temperature** is regulated by an infinite control with a positive-off position and a signal light to indicate a power-on condition.
- **Drip tray** is chrome-plated and removable for easy cleaning.
- **The H-336 Hotplate** is Underwriters Laboratories, Inc. Recognized and meets NSF International standards.
- **A one-year warranty** against defects covers parts and labor.
