KITCHENAID® 8 CUP POUR OVER COFFEE BREWER

KCM0801

EXCEPTIONAL PERFORMANCE

- AUTOMATED POUR OVER COFFEE TECHNOLOGY is not like that of a drip coffee maker. Unlike drip coffee makers that continuously flood the brew basket, the new KitchenAid® Pour Over Coffee Brewer precisely heats and pulses the flow of water, steeping in the same manner as the manual pour over process, allowing the grounds to “bloom.” The result is bright, clean and full flavored coffee without diluting due to over-soaking.
- UNIQUE BREWING TECHNOLOGY achieves optimal brew temperature, key for proper extraction and flavor.
- CLEAN AND BRIGHT FLAVOR PROFILE, allowing you to taste the complex layers of flavor within the coffee.
