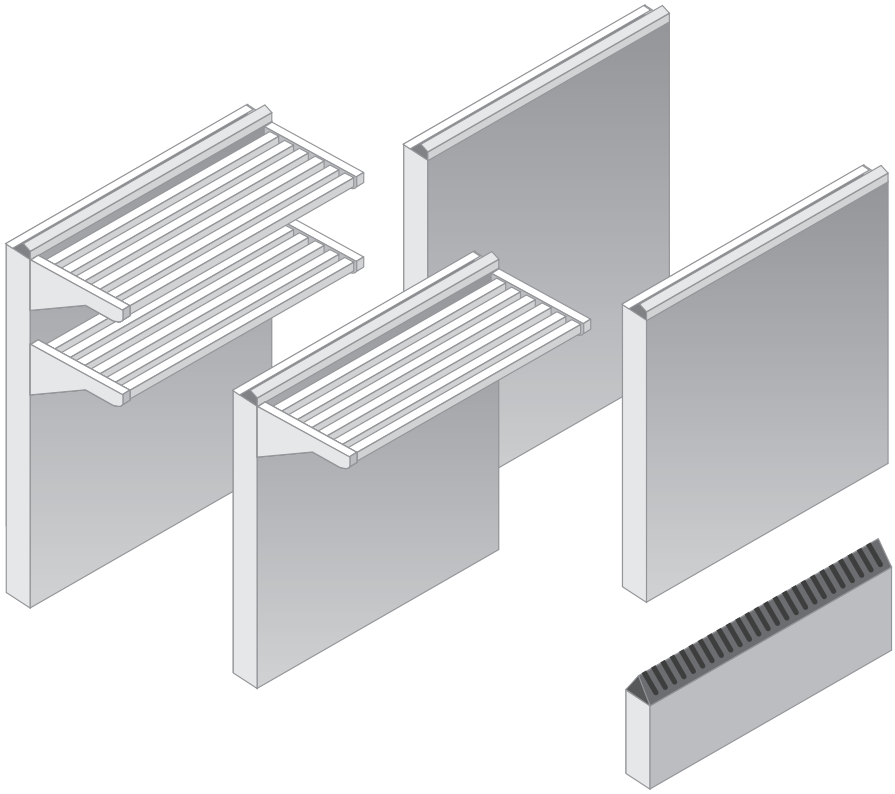
GARLAND®

Master Series:
- ❑ Double Deck Tubular High Shelf, (DDHS)
- ❑ Single Deck Tubular High Shelf, (SDHS)
- ❑ 10,17, & 33 Inch Backguards, (BG)
- ❑ Vertical Flue Riser



Double & Single Deck Tubular High Shelves

Double and Single Deck High Shelves are precision-designed to install with all Master Series ranges, and attachments up to a maximum width of 68 inches, (1728mm), (other sizes can be special-ordered). Shelves constructed of 1" (25mm) square tubing with 1" (25mm) spaces between each tube, provide convenient storage for condiments and cooking utensils.

Backguards

10" (255mm) high,low profile backguards; 17" (433mm) high, backguards; and 33" (838mm) high, double deck backguards are precision-designed to install with all Master Series ranges attachments and fryers up to a maximum of 68" (1728mm), (other sizes can be special-ordered). Backguards provide venting for safe, efficient operation of Master Series equipment.

Vertical Flue Risers

Vertical Flue Risers are also available. One flue riser is required for each range. Vertical flue risers measure 13" (331mm) wide by 3"(76mm) deep by 33"(841mm) high, and the standard finish is stainless steel. Flue risers direct exhaust gases from back-to-back island range installations where channeled ventilation is necessary.

Features

- Stainless steel front and both sides are standard
- Provides recommended emit venting for safe & efficient operation of all Master Series ranges attachments, open broilers and fryers.
- Designed for easy and precise attachment to all Master Series ranges and equipment
- Available optional stainless steel main back
- Available in range of eight, (8), standard sizes up to a maximum of 68 inches, (1728mm)
