

## DANTE SERIES FLOOR MODEL CABINET-STYLE GAS CHARBROILERS

### SERIES: F-R

Bakers Pride® F-R series charbroilers feature 36,000 BTUH H-burners for energy efficiency and broiling performance. Models come in a range of sizes from 24" to 84" wide.

Standard features include slide-out grease drawers/water pans as well as stainless steel radiants, which can be substituted for cast iron. A continuously lit, crossover pilot tube system makes lighting burners quick and easy. The steel floating rod grates may be adjusted in four separate titling positions, increasing flexibility and temperature control. Fully insulated, double walls help with heat retention, while stainless steel interiors and exteriors make this charbroiler both durable and easy to clean.

This series also offers many options to suit your needs, such as log holders or Glo-Stones for enhanced flavor and Richlight work decks with pan cut outs for added convenience.
