Accessory Storage	Yes - Caster Feet
U.L. Listed	Yes
Standard Filter	WS21200F
Dust Collection Bag	WS32200F

### OPTIONAL FILTRATION

Fine Dust Filter	WS22200F
HEPA Media Filter	WS23200F
Wet Application Filter	WS24200F

Qwik Lock™ Filter Fastening System —  
Makes installing or removing your filter  
quick, easy and secure.

Keeps accessories securely connected.

Top carrying handle  
provides easy transport.

15' / 4,5 M

Easy access  
power switch for  
quick operation.

Blowing port for  
added versatility

2 1/2" x 7' Dual-Flex™  
Locking Hose offers  
180° flexibility at both  
hose ends for better  
maneuverability.

Hose storage keeps  
your hose neatly  
stored when not in  
use.

Tough, copolymer drum  
resists dents and cracks,  
will not rust.

Built-in drum  
handles make it  
easier to carry when  
drum is full.

Large drain located at  
the drum's lowest point  
for quick and easy liquid  
disposal

Accessory storage  
on caster feet  
keep accessories  
close at hand.

WORKSHOPbrand

Real-world performance data achieved from testing at the end of the hose. Competitors typically test at or near motor. Gallons indicated reflect drum volume, not necessarily collection capacity. Actual capacity dependent upon type of debris collected, condition of filter, and other factors. Peak Horsepower represents a level at or below the maximum horsepower output of an electric motor tested in a laboratory using a dynamometer. All details subject to change without notice.
