

# X7.1 ESPRESSO MACHINE

designed by Luca Trazzi

## X7.1 iperEspresso FOR HOME

X7.1 is the evolution of the current X7 machine: The X7.1 keeps its modern and appealing design, by Luca Trazzi and the same winning features of the previous model, plus a few new innovations to make the preparation of espresso and cappuccino even simpler.

- › Works only with iperEspresso capsules
- › NEW! Patented Pannarello steam wand for a thick, frothy cappuccino and latte
- › One-touch brewing cycle for ease of use
- › Lighted central display and acoustic signals guide user
- › No contact between machine and coffee inside the capsule for a clean system
- › NEW! Go from cappuccino to coffee in record time with automatic cooling process
- › Auto-stop feature controls cup volume
- › Automatic decalcification program
- › NEW! Power save mode
- › Available in black or red
