## **SERVICE**

KaTom has the best customer service available!

**Our company has been servicing the restaurant industry for more than 25 years.** During this time we've found that our favorite form of advertising is "word of mouth" and that the best type of customer is a repeat customer. All online orders receive the same meticulous attention to detail and personal service that phone and fax orders have received for the past 25 years.

If you have questions, need advice on which equipment or supplies are best for you or any general concerns about your order or our company, we are available to assist you anytime. You can contact us **Monday through Friday from 8am to 8pm EST at 800-541-8683 or by fax at 800-821-9130. We are available by email 24 hours a day at sales@katom.com** with the expectation of a timely, competent, and friendly response. You can rest assured that KaTom has not, and never will, utilize automated telephone services during normal business hours. When you call KaTom, you will always be greeted by a trained professional, not a recording.

We are also pleased to present our customers with two convenient features on our website – "**Live Person**" and our new and improved **KaTom Restaurant Supply Learning Center/Blog**. A Live Person operator is standing by daily to assist internet customers during normal business hours of 8am to 8pm, while the Learning Center/Blog can be accessed 24 hours a day. We have worked hard to offer these services and would like to invite you to participate.

## **PRICE & SELECTION**

We stock thousands of products in our KaTom warehouse, which means that most orders ship within 24 hours. We have established long-term relationships with manufacturers of both high-quality and value priced equipment. We are a premier high volume supplier of quality restaurant equipment, which allows us to pass great savings on to our customers, guaranteed. We offer more than **100,000 products online** with additional products being added daily. If you are unable to find what you are looking for, contact us and we will find it for you.

## **RECOGNITION**

**Woman Owned** – KaTom is happy to announce that we have once again been certified as a 100% woman owned business. The WBENC (Women's Business Enterprise National Council) was founded in 1997 and is now the nation's leading advocate of women-owned businesses.

**Inc. 500|5000** – For the third year in a row, KaTom has received recognition from Inc. 500|5000 as one of America's fastest growing private companies. This year we received a ranking of 2,690 out of the top 5,000 fastest growing companies, jumping more than 1,800 spots over the previous year. We hope to continue our growth each year through exemplary customer service while continuing to offer high-quality products at deeply discounted prices.

**GSA** – KaTom is also a certified GSA dealer. The GSA (the U.S. General Services Administration) has very specific rules for governing the spending of public funds from government agencies. With our GSA certification we are able to provide supplies to government agencies in a cost-effective manner.

**BBB** – We are an A+ accredited business with the Better Business Bureau. We have been rewarded this outstanding grade for over 5 years.

**FEDA** – We are a proud member of FEDA (Foodservice Equipment Distributors Association). FEDA was founded in 1933 and is a nationally recognized association for foodservice equipment and supply dealers.

*Reminder: This catalog is produced once a year. Due to constant worldwide economic changes, you may experience price increases or decreases after this catalog is printed.*
